

ABOUT COPPER DOME

OUR PROFESSIONAL SERVICES

Copper Dome LLC is a professional services firm, providing support for Florida's professional lobbyists, lobbying firms, associations, and companies. We specialize in:

- Bill and amendment drafting;
- Policy development, including legislative research and policy analysis;
- Legislative strategy—identifying innovative solutions for complex issues; and
- Subcontract advocacy.

LEGISLATIVE DRAFTING

At Copper Dome, we bring decades of legislative experience to each project, including distinctive skill in bill and amendment drafting. We provide exemplary service for our clients, with integrity and reliability. Most important, we safeguard the trust of our clients and faithfully maintain the confidentiality of our projects. With our FIRST DRAFTSM service—a Copper Dome exclusive, we deliver professionally drafted legislation and work with House and Senate drafters to reduce surprise changes and minimize processing time. Get your legislation first, and get it right—drafted to meet your needs.

POLICY DEVELOPMENT

In today's legislative process, many important matters are neglected unless they rise to leadership priorities. There are also times when you want your policies developed only by those you trust. Leveraging decades of experience in legislative research, analysis, and policy development, allow Copper Dome to ensure your policies are developed skillfully and confidentially, giving your clients a competitive edge.

LEGISLATIVE STRATEGY

Public problems are typically more complex than any ideology or soundbite. To identify innovative solutions, navigate state government and the halls of the legislative process, and craft a winning strategy and message require extensive experience. As legislative staff turnover increases—fueled by term limits, the public sector's institutional knowledge and historical perspective are diminished. At Copper Dome, we have the experience to confront difficult issues and yield results.

SUBCONTRACT ADVOCACY

You can't always be in two places at the same time. When you're spread too thin, allow Copper Dome to join your lobbying team and assist in serving your clients' needs. Whether it's covering a committee meeting, getting a sponsor for a critical amendment, or whipping votes, we are there to help you look good. We aren't afraid of hard work and are ready to wear in our shoe leather for you.
